

# Dusty Bones Whitepaper

Dusty Bones is a community of NFT enthusiasts on @MultiversX. 90% of rewards are donated to holders. Only art and fun here.

## Objectives :

- Create a community motivated by the discovery of MultiversX:
  - <https://multiversx.com/>
- Invest in the Hatom protocol to generate rewards for our holders:
  - <https://beta.hatom.com/>
- Manage the DAO wallet collaboratively with all team members using xSafe:
  - <https://xsafe.io/>
- Provide fun 3D illustrations
- Collaborate with various NFT community actors of MultiversX
- Engage the community by conducting votes on certain decisions through Framelt:
  - <https://www.frameit.gg/>
- Have fun and support each other

## Roadmap :

- Create the xSafe wallet to manage funds
- Create Twitter, Discord, and the website
- Release the NFT collection
- Invest funds in Hatom protocol farms
- Reward holders with farm interests
- Vote on decisions via a smart contract on Framelt
- Collaborate with other MultiversX actors

## Team :

- Stan : Designer
- Pentaxx : Social Manager
- Mobo : Developer
